Candy Stambrook, four-year-old daughter of Mr. and Mrs. Richard Stambrook, of 285 Via Buena Ventura, swept the field recently in a Torrance children's beauty contest, in taking the Miss Torrance, Junior, and Miss Torrance, senior titles at the contest, sponsored by the VFW and held at Torrance High School. She was also judged the most photogenic child in a three-way win that brought her a prize trophy.

The beauty contest was staged by the Veterans of Foreign Wars to raise a Christmas fund for the hospitalized veterans at the Long Beach Veterans Hospital.

Candy and the other 150 girls in the competition were judged by a five-woman judging staff, among whom were authorities in such contests. Two competitions were involved, one for children from toddler to 4, and the other from five to 14. Young Candy won both competitions. Mrs. Stambrook related. Judges scored points on eyes, hair, features, health, posture and other points of each child.

In rehearsal at the Hampton Players' next show at Redondo Union High School auditorium on Feb. 25 and 26, and March 4 and 5, is "The Broadway Hit of 1950," "The Country Girl." So reports Mary Woodson, publicist for the local group. The play is currently an Academy Award contender in the movie version. Hampton Players announced the following cast of players, which includes many Torranceans as well as other South Bayans.

Cast in the top starring roles of Frank and Georgia Elgin are Carol Rogers, of 326 Linda Vista, as Frank Elgin and Dorothy Tunis, of 412 Via Pasqual, as Georgia Elgin. Both have appeared in many previous Hampton productions. Ed Siani plays Bernie Dodd, the director; Bruce Sutton, of 219 Paseo de las Delicias, the past

several weeks have seen her household, or parts of it, down with the currently raging mumps. Her two children, Cynthia, 8, and Steve, 3, have each had them in turn. Now, daddy George has them.

At a meeting of the Riviera Sportsmen's Club held last Thursday evening at the Riviera Beach Club, over \$500 profit from the recent Christmas tree sale was apportioned to various Riviera Scout organizations which the men's club sponsor.

President Rex Hayes announced the division of the profits,

based on group activity, membership and requirements. Recipients will include Cub Scout Troop 718-C, \$60; Boy Scout Troop 718, \$150; and Sea Scout Troop 718, \$150. Hayes pointed out that almost \$200 more will be held by Sportsmen, to be used for Boy Scout troops as the needs arise. The Scouts are the major youth activity sponsored by the Sportsmen.

Two more local women qualify now as top models. They are Mrs. Roy Nash, of 280 Camino de las Colinas, and Mrs. Frank Cowles, of 413 Calle Mayor, who graduated Jan. 12

from the Helen Perry School of Modeling and Charm. Their diplomas were presented at a graduation dinner held at the Hilltop Cafe in Long Beach. Four friends were present to watch the ceremonies. They were Mmes. Lee Washington, Lee Flanagan, Arlis Wyatt and Clifford Easley. Mrs. Wyatt won the door prize at the dinner, a special half-scholarship in modeling to the school.

Six months to completion is the building schedule for the new fire station for this area. Torrance Fire Chief J. J. Benner reported last week. The new station, which will be located at Pacific Coast Hwy. and Calle Mayor, will be of modern design, with flagstone and floor to ceiling windows.

Specifications for the new station are now being drawn up, together with blueprints for construction. Bids will then be advertised and contract awarded by the city to whom ever bidder is chosen.

Some three score and ten business men and women met last week at the Hollywood Riviera Beach Club to form a business and professional association. Those attending represented many of the more than 80 new businesses now in existence in this area. Charles Reed, spokesman for the temporary steering committee said those present at the meeting gave the committee authority to continue as a body to formulate plans for the association.

Elections are set for Feb. 16. Invited to take part are all business and professional men in this area.

Left-over wire gets new lease on life

In the telephone business, we call it wire that leads from your telephone at home to the pole outside a "drop" wire. Maybe you've seen some of our men putting up drop wires around town. If you have, you probably noticed that a few short pieces were left over on some of the jobs. Now, these odds and ends of wire weren't of much use until recently. It was too costly to splice them together. But now an economical way has been found to join drop-wire scraps into long, continuous pieces which can be put to work. Naturally, this is a big cost-cutter... one that helps us as we work to keep down the prices you pay for service. Pacific Telephone works to make your telephone a bigger value every day.

Home's never very far away by telephone

Just because Dad's out of town on business, he needs't be out of personal touch with the rest of the family. It's just moments, you can all be together again—talking, laughing, trading the latest news. For even when you're far away, home's as near as the closest telephone. And a visit by long distance is almost like being there in person. It costs so little, too. You can make a three-minute "station" call clear across the country, after 8 p.m. weekdays and all day Sunday, for only \$2.00 (plus tax). And of course, rates for shorter distances are even less. So let long distance keep you in close touch with your family and friends. It's a pleasure you can hardly afford to miss.
